Experience

UI/UX Designer

Designed intuitive user interfaces and crafted seamless user experiences for websites and mobile apps. Conducted user research, developed wireframes, and created interactive prototypes using tools like Figma and Adobe XD. Collaborated with developers and stakeholders to ensure designs were implemented effectively.

Web Developer

Built and maintained responsive websites and web applications using HTML, CSS, JavaScript, and frameworks such as React. Integrated APIs, optimized website performance, and ensured cross-browser compatibility. Managed version control with Git and deployed projects on hosting platforms like Netlify or GitHub Pages.
